

Curl up with a book

Reading Cove

After picking out a book, you need to find a comfortable place to enjoy it. Our Reading Coves provide the perfect place for students to escape the world for a moment and have some quiet time. The combination of colorful shelving and a soft, inviting seat will make this a favorite spot in your learning environment.

Specifications

- 1 Top panels and bottom frames are internal (captured by upright panels). These panels are constructed of 1" thick veneer cores with .05" thick, horizontal grade, high pressure laminates.
- 2 Shelves and upright panels are constructed of 1" thick veneer cores with .05" thick, horizontal grade, high pressure laminates.
- 3 Bottom frame constructed of 3/4" thick veneer core panels, with a laminated 4"H toe kick face. Hex head bolts pass through holes in the bottom frame and into threaded inserts in the upright panels, for a metal to metal hardware connection.
- 4 Exposed edges are banded using 3 mm PVC edging. PVC edges are eased to a 1/8" radius to remove sharp edges.
- 5 Top frames are connected to the shelving uprights with metal cleats. Connector bolts pass through holes in the metal cleats and into threaded inserts in the uprights and top panels, for a metal to metal hardware connection.
- 6 3" thick, foam cushions with polyester fabric or easy-to-clean vinyl upholstery.
